Emotions are best xpressed in a letter.

Let's be honest. Buying a fullblooded sports car is not the most actional decision you can make. Which is possibly why it's one of the most emotionally satisfying.

The new 300ZX was designed to supply that gratification In fact, Road & Tiack was moved to state." I The All-New Nessan 300ZX will set standards for sports cars (in its price range) that will have every other maker of sporting equipment scrambling triple time to catch up"

A 222 hp, twin-cam, 24-valve, 3-litre V-6 supplies the raw strength necessary for pulse-quickening acceleration While the front and rear multi-link suspensions casually turn a heart-storoning curve into an exhila-

rating exercise in high-speed control linside, the driver becomes an integral performance element. With an 8-way adjusable sear, wrap-around instrumentation, and the shortest gear shift stroke of any production sports car. So you can guide the engine through the closely spaced gear ratios

with minimum effort, and surgical precision. This car will also teach you a thing or two about driving. Because a position in the Nissan School of Advanced Driving is included with every purchase. An intensive

two days of on-track instruction that will help align your capabilities to those of the new Z. And every Z is protected by the Nissan No-Notsense Warranty With bumper-to-

bumper coverage for 3 years or 60,000 km and complete powertrain protection for 6 years or 100,000 km. See your Nissan Dealer for more information. You'll soon find that a letter is still the best way to express yourself

ELDORADO, THE CADILLAC THAT'S SOMETHING ELSE.

Eldorado has always been an enigma. On one hand it represents all of the luxury and heritage that automatically comes

with Cadillac. While on the other hand, Eldorado's bold stance and unique styling indicate a piece of machinery that's ready to fig.

And fly it will. Eldorado boasts a 4.5 litre Port Fuel-Injected V8. Add to that Eldorado's rigid chassis, independent suspension and optional anti-lock brakes and it becomes obvious that Eldorado is built to perform.

It's also built to leave little to chance. For 1990, Eldorado comes equipped with a Supplemental Inflatable Restraint system (driverside air bag), and automatic

daytime running lamps.

All standard for 1990.

We've put a lot of thinking into the warranty, too.

into the warranty, too.

Performance begins where rainbows end.

 T_{ba}

The truly different gasoline is now available in three new unleaded blends. Formula Shell Bronze Formula Shell Silver. And Formula Shell Gold. Specially blended for Canadian driving conditions to provide optimum

drivesbuity. BRONZE smoother and a better ride. Choose a Formula Shell blend that's right for you.

And if your vehicle uses leaded

fuel only Formula Shell lets you switch to unleaded simply by changing gasolines.

Because only Formula

Shell contains an ingredient that protects just like lead.
Getting the GOLD lead our now allows us to our environment sooner.

Follow the colors to new Formula Shell for performance that begins at the rainbow's end.
